

Environmental Policy

Mitsubishi Caterpillar Forklift America Inc. is a leading manufacturer of internal combustion and electric powered forklift trucks. We strive to operate efficiently but with a strong commitment to continual improvement – including compliance with regulatory requirements and how our operations impact the surrounding environment.

We set targets, communicate objectives and monitor performance to achieve our goal of environmental compliance.

We sustain an environmental management system and conduct operations in a manner designed to protect the environment, endeavors to prevent pollution and considers the health of the public.

A handwritten signature in black ink that reads "Ken Barina".
